Rowley Conservation Commission  
39 Central Street  
Rowley, MA 01969

Dear Commissioners:

**Subject: Certificate of Compliance Request – DEP File #063-0669  
Owner – Bonni Berkowitz, Maven Revocable Trust**

On behalf of our client, Powerfund One, we are requesting a Certificate of Compliance be issued for an Order of Conditions (OOC) dated November 2, 2018, DEP File Number 063-0669.

200 MAIN ST  
PAWTUCKET RI 02860  
401.726.4084

The project has been constructed in substantial compliance with the Order of Conditions. The following items will be modified or adjusted in the Spring of 2023 when the weather permits.

- The orifice in the outlet structure to basins 2 and 3 will be adjusted to have a 3" open orifice rather than the current 4" orifice with a grate.
- The crushed stone swale along Weathersfield Street will be adjusted to create a positive slope to allow the stormwater to flow into the existing swale without backing up into the street.
- Several minor areas where bare soil exists as described in the letter dated November 1, 2022 by Graham Associates, will be raked and re-seeded.
- The evergreen trees along Solar Array #2 that have died will be replaced with new trees similar to the surviving trees.
- Signs mounted on posts will be installed as per special Condition #84. The RCC shall indicate how many and where the signs will be placed as indicated in the Condition.
- The concrete post for silt level observations will set in the four basins.
- All current erosion controls will be removed. The silt fences will be removed along with their wood stakes and disposed of off-site. The Compost Socks shall be cut and the compost spread out in the location they were installed. The fabric and wood stakes shall be removed and disposed of off-site.

We will present this request for a Certificate of Compliance at your January meeting.

Respectfully,

*Denis M. Hamel*

Denis M. Hamel, CPESC  
Project Manager
